EDUCATION

Dr B R Ambedkar National Institute of Technology, Jalandhar

2024 – 2028

Bachelor of Technology in Computer Science and Engineering

CGPA: 8.81

Punjab School Education Board

2023 – 2024

Senior Secondary Education

Percentage: 97%

WORK EXPERIENCE

Data Science Intern

Jul – Aug 2024

Skillcraft Technology

- Applied end-to-end data science workflows on banking and insurance datasets.
- Cleaned and prepared data using Pandas; performed EDA using Matplotlib.
- Built predictive classification models using Scikit-learn.

PROJECTS

AI Driving Co-Pilot

GitHub Repo

- Developed a multi-model AI pipeline using YOLO, UNet, Bi-LSTM, and Qwen LLM for scene understanding and driving assistance.
- Built a FastAPI backend and browser-based interface enabling object detection, road segmentation, and AI-powered driving recommendations.

EstateAPR Gurugram

GitHub Repo

- Built an end-to-end real estate analytics application on a dataset of 6,000+ flats in Gurugram.
- Implemented the complete data science pipeline including web scraping, data preprocessing, price prediction, recommendation systems, and Streamlit deployment.

TECHNICAL SKILLS

ML/DL: Machine Learning, Deep Learning, Computer Vision, NLP, Object Detection, Image Segmentation, Transformers, LSTM.

Data Science: Probability & Statistics, ETL Pipelines, Exploratory Data Analysis, Data Cleaning, Web Scraping, API Extraction.

Programming: Python, C/C++, SQL.

Libraries/Tools: Scikit-learn, Pandas, NumPy, OpenCV, TensorFlow, Keras, Matplotlib, Seaborn, XGBoost.

Frameworks/Deploy: FastAPI, Streamlit, Git, REST APIs, Linux (Ubuntu), MySQL.

ACHIEVEMENTS / CERTIFICATES

- 99.28 percentile in JEE Main 2024.
- LeetCode 200 Days Badge; 450+ problems solved.
- Participant: Google Solution Challenge.
- Participant: Amazon ML Challenge.
- Deloitte (Forage): Data Analyst Virtual Experience, Aug 2025.
- Cisco (Forage): Data Science Virtual Experience, Jul 2025.
